VOL. III. RALEIGH, N. C., TUESDAY, DECEMBER 17, 1867. NO. 112.

DAILY SENTINEL.

WM. E. PELL, Proprietor.

RESOLUTIONS AND PLAN OF ORGANIZATION ADOPTED BY THE VIRGINIA CONSERVATIVE CONVENTION.

RESOLUTIONS.

1. This Convention doth recognize that by the results of the late war slavery has been abolished. And it doth declare that it is not the purpose or desire of the people of Virginia to reduce or subject again to slavery the people emancipated by the events of the war, and by the amendment to the Constitution of the United States.

2. This Convention doth declare that Virginia of right should be restored to her federal relations with the Government of the United States; and that it is not in the contemplation of the people of Virginia to violate or impair her obligations to the Federal Union, but to perform them in good faith.

3. This Convention doth solemnly declare and assert, that the people of Virginia are entitled to all the rights of freedom and all the guarantees therefor, provided by the Constitution of the United States; and they insist on the same as unquestionable, and that the said Constitution, which all are sworn to support, does not justify the governing of Virginia by any power not delegated by it, nor ought she, under it, to be controlled by the Federal government, except in strict accordance with its terms and limitations.

4. This Convention doth declare, in the language of a resolution adopted by a public meeting, held at the Cooper Institute in the city of New York: That the policy which continues to subject the people of ten States of the Union to an irresponsible government, carried on by military power, is inconsistent with the express provisions of the Constitution of the United States, and is subversive of the fundamental ideas of our government and of civil liberty; and the object for which this great wrong has been persisted in, as now being disclosed to the people of this country and to the world, to wit: To subject the white people of these States to the absolute supremacy, in their local governments and in their representation in the Senate and House of Representatives, of the black race just emerged from personal servitude, is abhorrent to the civilization of mankind, and involves us and the people of the Northern States, in consequences of surrendering one third of the Senate and one-quarter of the House of Representatives which are to legislate over us, to the dominion of an organized class of emancipated slaves who are without any of the training, habits, or traditions of self government.

5. This Convention, for the people of Virginia, doth declare that they disclaim all hostility to the black population; that they sincerely desire to see them advance in intelligence, national prosperity, and are willing to extend to them a liberal and generous protection. But, that, while in the opinion of this Convention, any Constitution of Virginia ought to make all men equal before the law, and should protect the liberty and property of all, yet this Convention doth distinctly declare, that the government of the States and of the Union were formed by white men to be subject to their control; and that the suffrage should still be regulated by the States, as to continue the Federal and State systems under the control and direction of the white race.

6. That, in the opinion of this Convention, the people of Virginia will sincerely co-operate with all men throughout the Union, of whatever name or party, who will labor to restore the constitutional Union of the States, and to continue its government and those of the States, under the control of the White Race.

PLAN OF ORGANIZATION.

I. *A State Committee*, to consist of thirty-three members, nine of whom shall be located in Richmond, viz:

A Chief Director, who shall be chairman of the Committee, and shall, subject to its control, have the chief direction throughout the State of all matters relating to organization, registration and voting.

Eight Associate Directors, who shall be members of the committee, shall act as aids to the Chief Director, and shall, each, subject to his direction, have special charge of one Congressional District.

Twenty-four consulting members, three of whom shall reside in each Congressional District, and who may be convened by the resident Committee whenever, in their judgment, it shall be proper.

II. *A Committee for each County and City*, viz: A *Superintendent* for the *County* or *City*, who shall be chairman of the committee, shall act as aid to the Associate Director for the district, and shall, subject to his direction, have special charge of the County or city.

A *Superintendent* for each *Registration District*, who shall be a member of the committee, shall act as aid to the County or city Superintendent, and shall, subject to his direction, have special charge of his own District.

These local committees will be charged with the duty of maintaining the completeness and efficiency of the local organization. Shall advise the State Committee of any local matters requiring attention, and shall be specially charged with providing the means to defray necessary expenses.

III. *District Organization*:

1. The Registered Voters willing to act and to vote with the Conservatives, will be formed into "*Tens*," in each of which one member will be *Leader*.

2. Five *Tens* will be organized as a "*Fifty*" and to each Fifty there will be a *Chief*.

3. The "*Chiefs of Fifty*" will be chosen by the *Superintendent* in each *District*, will act as his Aids, and will each, subject to his direction, have special charge of his own *Fifty*.

4. The "*Leaders of Ten*" in each *Fifty* will be chosen by the *chief*—will act as his aids, and will each, subject to his direction, have special charge of the organization and supervision of his own *Ten*.

IV. *Organization how formed and kept up.*

1. The State Committee will be chosen by authority of the State Convention, and will maintain its organization by removing members, filling vacancies, &c., as occasion may require.

2. The County and City Committees will be chosen by popular meeting, or by County or City Committees already formed, and when chosen will supersede all other local committees. They also will have the power by removals, filling vacancies, &c., to keep up their organization.

3. In all other cases the officer appointing may remove, fill vacancies however occurring, and if any county or city shall fail to appoint a committee, the State Committee may make the appointment.

PLAN OF OPERATIONS.

1. All preparations for an election under the present system are so dependent upon the registration lists, that we must, if possible, place in the hands of every county or city superintendent the lists for his county or city, and furnish to each District Superintendent, Chief of Fifty and Leader of Ten, the list for his District. They can be printed and furnished at an expense to each officer not exceeding twenty-five cents.

2. The names on the Registration lists are numbered. These numbers should be attached to the names on all the rolls made of *Tens*, and care should be taken to see that each voter is registered by his true name. The time may come when in adverse hands the least variance may be fatal. Any mistakes discovered should be corrected when the lists are next opened for Registration.

3. As voters are enrolled in the *Tens* the fact should be noticed on the Registration lists, so as to indicate the Ten and Fifty in which each is enrolled. In this way attention is gradually concentrated upon those not enrolled, and the system of labor is systematically narrowed.

4. The voters who cannot be enrolled in one organization of Ten, as the election approaches, be divided up and assigned among the Tens for special attention. If they cannot be induced to vote with us, they may be persuaded not to vote against us.

5. It will be a constant duty of every Leader and member of the Tens to find out and report all persons in their District entitled to register who have not attended to that duty. There will be assigned to Tens, and each member will be charged with, the duty to see that all such persons are duly registered at the first opportunity, and that when registered they are enrolled in some *Ten*.

6. It will in like manner be the duty of all to report all persons who for any cause are, or have been held to be, disfranchised under the acts of Congress, and the cause alleged for such disfranchisement. Each case will be carefully examined, and whenever a doubt exists as to disfranchisement, the case will be submitted for re-hearing at the first opportunity.

7. Periodical reports will be required from Leaders of Ten, Chiefs of Fifty, District and County Superintendents, forms and blanks for which will be furnished, covering all the points upon which information is required.

RAILROADS.

IMPORTANT TO CAROLINA SHIPPERS.

THE NEW
Baltimore and Carolina Grand Trunk
FREIGHT LINE,
VIA PETERSBURG, VA.,
Comprising the following great Freight Routes:
THE POWHATAN
Steamboat Company's Freight Line of Steamers,
PETERSBURG AND WELDON,
RALEIGH AND GASTON,
NORTH CAROLINA,
WESTERN NORTH CAROLINA,
WILMINGTON AND WELDON,
ATLANTIC AND NORTH CAROLINA,
WILMINGTON AND MANCHESTER,
CHARLOTTE AND SOUTH CAROLINA R. R.,
And their connections.

Time Quick and Rates Low.

THIS NEW TRUNK LINE FORMS A GREAT FREIGHT ROUTE between Baltimore and Weldon, Warrenton, Raleigh, Hillsboro', Lexington, Salisbury, Morganton, Charlotte, Lincolnton, Goldsboro', Newbern, Beaufort, Wilmington, Chesterville, Winnsboro', Columbia, Summerville, Manchester, and all intermediate points on and near these great Railways and their connections.

The Powhatan Steamers connect at Petersburg with Petersburg Railway for all points in the Carolinas. Cars are run alongside of Steamers' Wharf and goods transferred with careful handling. Cars are run through without breaking bulk between Petersburg and Raleigh, Charlotte, Goldsboro', Wilmington, &c. &c. This Inland Line possesses many advantages over a SEA Route. Marine risk is small and insurance is comparatively nothing. The Wharf of the Powhatan Steamers being situated in the very centre of the great shipping district of Baltimore, renders it convenient to shippers, and drayage is very small.

Great attention paid to consignments of Cotton, Corn, Wheat, Rosin, &c. &c. All produce forwarded at the lowest possible rates.

☞ To insure transportation over this Inland Fast Line, mark all goods, whether Northward or Southward bound, "VIA PETERSBURG."

☞ Freight landed in Baltimore day following delivery to the Steamers.

Through Receipts are given and fixed rate per 100 pounds guaranteed both ways.

☞ Rates in every case same as via Bay Line and Portsmouth to and from Baltimore, Philadelphia and New York.

N B.—With regard to last named points, freight is forwarded to and from Petersburg by Philadelphia and N. Y. Steamers.

THE UNIVERSITY.—The annual meeting of the Trustees of the University will be held this day in the Executive office, at 11 o'clock, A. M.

ORGANIZATION OF CONSERVATIVES IN VIRGINIA.

We place on the first page of the daily, the platform or resolutions and the plan of organization adopted by the Conservative Convention in Virginia, and beg leave to commend both to the careful attention of our State Executive Committee and to the Conservatives throughout the State.

The Conservatives of Virginia seem fully to realize the imminent jeopardy of our republican institutions as given us by the fathers of the Republic, under the rule of the Radical party. They have, at length, awaked to the great danger to which Virginia is exposed from the malign influences of Radicalism, and are determined to thwart the Disunionists and Destructives, if possible.

It will be seen that the plan of organization is a very thorough one, demanding time and means and energetic effort in its effectuation. It is plain the Conservatives of Virginia have not begun too early to effect their organization, and they will find that the time is too short to do all that might be done not for success merely, but a triumphant success.

The state of things in North Carolina require as full and as complete an organization as in Virginia, and our people cannot too quickly or too actively in the several Counties in the State, move in the matter.

Radicalism must be put *hors du combat* in North Carolina. The men, both black and white, who seek to control her future destiny, are too shamelessly incompetent to rebuild her fortunes, and enjoy too little of the public confidence. Their temper indicates a love of self, of party, of comrades engaged in the same *role*, far more than any love of the Union or of the Country. Professedly writhing under grievances which never existed—hypocritically smarting under the goadings of their own consciences, rather than the lashes of others, they have become the merest Ishmaelites, raising their hands against every one and determined to have every man's hand against them.

North Carolina cannot, must not be ruled by the black race, nor by a race of nondescript whites, native and foreign, with black hearts, to help them. The men of virtue, intelligence and true patriotism, who love the State and will seek the good of all its population, can alone rule North Carolina. To do this, every true man must do his duty in this crisis. Let every man enter early into the alliance against Radicalism and ruin, and go to work to enlighten and persuade all to follow his example.

SCARED.—A short time ago our City was visited by a fanatical, hard-mouthed Radical, all the way from New Hampshire, though we heard he hailed from Brooklyn, named Cole. He made a harangue to the colored Radicals in the Court House one night, in which we learn that he earnestly admonished the blacks not to send any black men to Congress after the State Constitution was accepted by Congress. We are told he said, that the Northern Copperheads (!) were dreadfully alarmed at the idea of the South sending black men to Congress! If they did send them, the Copperheads would kick up a dust, and it might be worse for the Southern blacks—Copperheads alarmed! The truth is, the hypocritical Northern Radicals are opposed to it and alarmed at the idea! They know what's what, and hence their alarm. Hence we are in favor of sending 77 of the blackest, sleekest we have.

THE RADICAL CONVENTION in Alabama, utterly dependent as it is upon negro votes, has nominated "mean white" men as candidates for all the State offices—for Governor, Lieutenant Governor, Secretary of State, Comptroller, Treasurer, Superintendent of Education, Commissioner of Internal Resource, Attorney General, and three Judges of the Supreme Court. Out of these eleven nominations not one has been given to a negro.

THE FOLLOWING gentlemen compose the Committee of the Virginia Conservative Convention, appointed to prepare an address to the people of the United States.—The members composing it are among the ablest men to be found in the country:

William C. Rives, of Albemarle;
R. M. T. Hunter, of Essex;
John Janney, of Loudoun;
James Marshall, of Fauquier;
J. R. Tucker, of Loudoun.

THE CONSERVATIVES of Alabama are organizing clubs throughout the State to defeat the new Constitution at the coming election, and in certain sections are receiving large accessions from the colored element. In Prattsville, Autauga county, over fifty colored men have joined Conservative clubs, uniting with the whites in denouncing the Constitution.

THE Richmond *Dispatch*, speaking of the mongrel "Reconstruction" Conventions, pithily says, that it was necessary that they should assemble in the South to disgust the whole world with the negro and his degraded white allies, as law-makers and administrators.

Gen. Pope, in notifying the members of the Georgia Convention of their election, distinguished between the whites and blacks by the prefix "Hon."—*Exchange.*

The "Hon." was, of course, and very properly, as a matter of comparison applied to the blacks.

THADDEUS STEVENS AND SOUTHERN DISUNIONISTS.

Mr. Stevens appears to be a sort of demi-god in the ranks of the extreme Southern Radicals. They never sneeze only when he takes a pinch of snuff. Our telegram on yesterday gave an account of an interview between Mr. Stevens, and a number of South ern Loyal Leaguers on the 13th inst.

J. H. Harris, of color, of this city is represented as telling Mr. Stevens that the fail ure of impeachment did not disturb matters in North Carolina. He thought they could get along very well—that Northern whites were more frightened about negro suffrage than Southern whites. Of course Harris could only speak for white Radicals. It be meant that the Southern whites were not as much opposed to universal negro suffrage as the Northern white people, he stated what was utterly false. No decent, native white man in the South believes it just or right or necessary in any sense, except it be a few who adopt the Radical fallacy, that "all men are created equal," *therefore*, they *are or ought* to be equal.

It is further stated that Harris said, that Mr. Holden was "the life-blood of the Republican party in North Carolina." We are inclined to think that Harris is right in that statement. Yes, Radicalism or the Republican party lives only by the life which Holden gives it in North Carolina!—The object of Harris in making this remark to Mr. Stevens is obvious. But Mr. Stevens knows that if Mr. Holden is the life-blood of the Radical party in North Carolina, it occupies a very ticklish position. He knows that Mr. Holden was the father of secession in North Carolina, that he signed the ordinance of secession and gloried in it—that he stood foremost for a long time in advocacy of the war—that when the war was over he eagerly embraced Andy Johnson's policy against the views of our public men, and that he was one of Mr. Johnson's first Provisional Governors, and made so without his taking the test-oath—that he stood up for Mr. Johnson till his hopes of promotion through him were destroyed, then he run to Radicalism as a dernier resort. That is the foundation then, or those are the materials out of which the life-blood of the Radical party in North Carolina has been manufactured. It looks to us that that blood must be very thin, almost water. Holden said some time since that there was iron in his blood. Exactly—there is iron in every man's blood, but blood supplied by the aliment upon which he has lived for the last twenty years, must be either very bad blood or very weak.

VITUPERATION IN PUBLIC LIFE.—Senator Johnson's suggestion that it were more becoming to answer the arguments of the President than to villify him, commends itself to the sober good sense of the country. Listening to the harangues of different partisan orators one would think that our public men were the veriest pack of knaves that ever guided the councils of a nation.—If a tithe of what is charged by them upon each other were true, honorable men ought to avoid all association with them. Mr. Johnson is himself a notable exception to the habit so prevalent of sweeping denunciation of the personal character of opponents, and conducts himself with the dignity of manner and moderation of speech becoming a Senator, yet no one who has reason to encounter him in debate can question the vigor of his logic or the clearness of his statements. Vituperative rhetoric ought to find no place in the halls of the National Legislature.—*Wash. Express.*

RADICAL CLEMENCY.—The Radical organs are boasting loudly of their "mercy for the whites" in proposing to bring into Congress a bill to relieve the disabilities of two hundred and eighty-four white men in Alabama, who have been recommended for "pardon" by Satrap Pope. A pardon purchased by the sale of body and soul to the Radical negro drivers would be dearly bought; but, unfortunately for these applicants, the pardoning power is conferred by the Constitution expressly upon the President, and not upon Congress. It will remain to be seen if the Radical Executive Committee, arrogating to itself the name of Congress of the United States, will dare to attempt to add this to their other numerous heinous usurpations in defiance and derision of the express provisions of the Federal Constitution.—*National Intelligencer.*

ANOTHER REPROOF FOR NEGROES.—The National Convention of Base-ball Players, in session at Philadelphia, among other resolutions adopted one that "no club composed of persons of color, or having in its membership persons of color, shall be admitted into the National Association." The adoption of this resolution is reported to have been received with "great applause by the delegates, and hisses in the galleries." The "great applause" of the delegates, says the *National Intelligencer*, is full of significance. The delegates were from the States of Massachusetts, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, District of Columbia, Ohio, Indiana, Illinois, Wisconsin, Missouri, Kansas, and Oregon. They are the representatives of the whole body of players of the popular national game in States which together give 171 electoral votes, and in every one of which where elections have recently been held negro suffrage and negro equality have been scouted. We have no doubt that the delegates to the National Base-ball Convention have, in the adoption of this resolution, fairly and truthfully represented the sentiments of their constitution.

We cannot too strongly endorse the proposition of the Hon. Mr. Hooper, to keep the annual outlay of the Government within the limits of $300,000,000. The sooner we bring back our expenditures to a peace footing the better for the national credit and the national prosperity. When men have only to vote to make money, it is no wonder that their ideas of the medium of exchange become so loose as to fancy that an act of Congress can convert bits of brass or scraps of leather into a circulating medium. It is simply the national credit which gives value to the greenbacks, but what would become of the national credit if the policy of indefinite expansion urged by certain gentlemen were adopted, the simplest child can easily foresee. Instead of commanding seventy cents on the dollar, Uncle Sam's notes would rival Continental shinplasters or the French assignats.—*Wash. Express.*

Impeachment, like a gun that "kicks," does most of its execution at the breech. Its "report" has been followed by a recoil which prostrated those discharging the firearm.—*N. Y. Commercial Advertiser.*

One of the Congressional lobbyists in Washington is described as one of the loveliest women on earth, and is said to "dress like an empress."

COTTON TAX AND THE COTTON CROP.

No fact, perhaps, connected with the legislation of Congress, has shown, more fully, the lack of statesmanship in that body, than the tax imposed on cotton and tobacco.—These two articles have formed the chief exports of the country upon which commercial men relied for preventing the drain of coin to meet balances in Europe. It is, therefore, plain, in our condition, that these two articles needed all the stimulus possible to increase their production. Instead of that, a heavy direct tax was imposed upon them, (the tax upon cotton being, perhaps, the highest ever known) which operated directly as an *incubus* upon the home producer and a *stimulus* to the foreign producer. Moreover, the tax upon cotton and tobacco, was imposed upon the most impoverished people, (compared with their former condition) in the world, and operates directly to discourage the industry and labor of the black race, who had been set free without the means of support, other than their labor.

Whatever may be claimed for Congress in other respects, the imposition of this tax, ought to impress every reasonable man of the want of real foresight and statesmanship in that body. The imposition to remove the tax at once from the present crop, makes the case still worse. The tax exacted on the present crop, takes bread and meat out of the mouths of the producers, who are, to that extent rendered unable to buy food, and imposes upon the government the duty of providing for the needy and suffering. But why collect the tax at an enormous expense to the government to pay the collectors, when every dollar of it must be paid back in rations and clothing to the indigent and suffering, thus rendering the continuance of the Freedmen's Bureau or some other agency necessary, enormously expensive, to distribute the alms of the government?

The New York *World* has the following observations on the bad effects of continuing the tax:

In considering the question of repeal it behooves Congress to reflect that during the war which virtually put an end to our trade in this channel—the whole bulk of which was relinquished to competing nations—our stiffest rivals were not idle.—Every sinew was strained to improve to the uttermost our absence from the coveted markets and to so effectually weaken our hold there as to prevent our future control of the trade on the termination of the war. No stone was left unturned—no plan untried. Government patronage; public and private enterprise; combined and individual efforts; heavy aggregation of capital; the stimulus of deep national jealousy and a general complete appreciation of the incalculable importance of success in the undertaking, were among the influences that were at work against us; to say nothing of the intense zeal that was certainly imparted by the realization that it was *then or never* with them—that we might never again be so entirely and so long absent from the great commercial arena of the world. And what was the result of all this energy, skill, and capital? The result was that England, which sent from her shores in 1860 cotton goods valued at two hundred and ten millions, exported in 1863, of these goods, two hundred and thirty-seven millions' worth; in 1864, two hundred and seventy-four millions; and in 1865, two hundred and eighty-six millions—showing an increase of seventy-six millions in five years; at our cost, mainly. Retain the tax and you lessen the cultivation of the product in this country, and impart, of course, appreciable stimulus to cultivate elsewhere India, Egypt, and Brazil are all experienced in the production of the staple, and possess large facilities therefor; and the chief reasons why the American growth was used in preference to that of these other countries were because of lower price, better start in the market, and adaptation of machinery to its length of fibre. Let America burden her growth with oppressive tax, thereby increasing the cost, afford her rivals more room, and encourage alteration of machinery to suit other growths than her own, and no more could be asked by the most exacting of her competitors. Trade bulletins show that in 1860 our cotton sold in the Liverpool market at eleven and a half cents; Brazilian, fifteen and a half; Egyptian, the same, and Indian, fifteen; and that in 1864, in the same market, American cotton sold for fifty-five cents; Brazilian, fifty-six; Egyptian, fifty-five, and Indian, fifty-four. In 1864, England paid over four hundred and twelve millions for cotton, against two hundred and five millions in 1860. Nine-tenths of the staple used by Great Britain in 1860, and nearly eight-tenths of the quantity used on the continent of Europe, was American; while in 1864 we were last on the list of suppliers. If Congress would know the success which has rewarded England's exertions let it be seen in the fact, pregnant with significance for for this country, that she paid the East Indies more than one hundred and seven millions for cotton in 1864, and Egypt over sixty six millions; and that *neither of these countries received more than seven millions the year preceding the rebellion.*

The prompt repeal of this tax is demanded by every consideration for the true interests of the country and by every principle of sound political economy.

GUBERNATORIAL ELECTION IN KENTUCKY.

LOUISVILLE, December 12.—Chief Justice Peters, of Kentucky, in conformity with the law of the State, has issued a proclamation ordering an election to be held for Governor on the first Monday in August next, to fill the vacancy occasioned by the death of the late Governor Helm.

The Civil Rights Bill works rather curiously in California, according to recent judicial interpretation. It has been decided by Judge Niles, of Nevada county, that a negro cannot be convicted of crime on Chinese testimony. The process by which this is done is, that under the California law a white man cannot be convicted on John Chinaman's testimony, and the Civil Rights bill gives the colored man all the privileges which ensure to the white. So a negro arrested for the murder of a Chinaman has been set free from custody. The California law works gross injustice for the pig-tailed foreigners, for no matter how they are maltreated they cannot establish the fact if none but their own countrymen are present. Yet we believe the law was due to the reckless disregard of the obligations of an oath shown by our Oriental neighbors.—*Wash. Express.*

Gen. Pope has ordered the election to be held in Alabama for ratification of the new State Constitution on the 4th of next February.

Breckinridge has gone to Egypt and the Holy Land.

STATE ITEMS.

MORE OUTRAGES.—The Newbern *Journal of Commerce* gives the following:

There have been several robberies committed in Jones, Lenoir and Craven counties this week. Among them we note the following:

The house of Mr. Johnson, in Jones, was robbed last Monday by three or four negroes during Mr. J's absence.

Wednesday night last a band of fifteen or twenty negroes went to the house of Mr. F. J. Taylor, in Lenoir County, near Kinston, and asked for work. Mr. Taylor told them he had no work for them, but that one of his neighbors had some cotton to pick out. They replied that they would be damned before they would pick cotton," and demanded his horses or mules. Mr. Taylor, attempting to reach his house to get his gun, was seized and thrown down and severely hurt. A party of the gang then entered his house and commence the plunder, stealing money, clothing, bedding and other valuables.

—The Warrenton *Vindicator* advises the church going people of Warrenton to adopt the envelope system adopted by the Episcopal Church in this city, paying weekly contributions for the support of the Church. The plan is scriptural, convenient and easy to the contributor. Every one should lay by weekly his contribution to the cause of Christ and of the poor.

—The last session of Warrenton Female College, under the care of Rev. J. B. Solomon, closed on the 5th inst. Eighty-six pupils were registered last session.

—The Edenton *Transcript* says that it is very gratifying to know that the Conservatives of Eastern North Carolina are beginning to manifest the right spirit in holding meetings for the promulgation of their principles.

—The Wilmington *Morning Star* of Saturday says:

Advices from below are to the effect that the storm of Thursday was not particularly severe, although the wind was pretty fresh, particularly yesterday morning.

—At the last term of Craven County Court, John D. Flanner, Esq. was elected Chairman, *vice* Charles Kelly, Esq., deceased. The Court paid a merited tribute to the worth of the late Mr. Kelly.

—The Tarboro' *Southerner* says that pork, in Edgecombe, is selling at 10 cents, and not at 6, as reported to the *Sentinel*.

—The Wilmington papers state that the Lecture of Col. J. G. Barr, of that City, before the Wilmington Literary Association, was a complete success. Subject, "The Power of Music."

THE GREAT UNPUMPABLE.—A correspondent tells the following about General Grant:

I heard a story of General Grant the other day which shows how wholly "unpumpable" he is. When he and Seward were traveling about the country with President Johnson, a great effort was made to induce Ulysses to express himself on political subjects. Seward and several other shrewd fellows plied Grant with wine, hoping that it might loosen the General's tongue. He had drank a number of glasses one evening, and deeming the occasion and hour favorable, Seward remarked—

"Well, General, what do you think of Ben. Butler?" believing that, as U. S. Grant hated Butler, he would be explicit on the subject. Grant seemed reflecting for a few seconds, and then remarked very deliberately, "Ben, Butler? Well, I don't believe in him much." Seward's eyes twinkled; he had drawn out the hero at last. "I'll bet my pile that Dexter can beat him any day."

A loud laugh greeted the discomfitted Seward, who is reported to have said afterward that Grant might make a very good horse-jockey, but he was not worth a d—n for President.

INJUSTICE TO THE NEGROES.—The purpose of the white Radicals in conferring the privilege of suffrage upon the negroes in the District of Columbia and in the Southern States has been abundantly demonstrated. It is simply to use the negro votes to elect to office worthless white men, who would otherwise obtain not even the meanest office in the gift of either the Government or the people. Such was the case in Tennessee. Such was the case in the District of Columbia. Such is the case in Alabama, where the nominations have just been made. Although in every instance the negroes were in the majority, in none of them has a negro been permitted to be nominated for office. The negroes are put forward to do the voting; the "mean whites," as Ben. Wade styles them, invariably gather all the spoils. Like the Yankees with the Indian, they have never "said turkey" once to the negro.—*National Intelligencer.*

Notice.

I WILL RENT OR LEASE for a term of years, my Buckhisbury estate, in the County of Bertie, North Carolina, and will sell or include in the arrangement the entire plough teams, farming implements, and the provisions now on hand. The estate consists of some

THREE THOUSAND ACRES,

One-fourth of which is now prepared for successful farming operations, and is unsurpassed in the most valuable in North Carolina. It was the pet farm of the late Cullen Cowper, who took special pains to bring it into cultivation. It was originally a swamp, and Mr. Capehart, by two parallel twenty feet canals, had it perfectly dry, and now there is not a mire, swamp, marsh, or damp place upon the entire estate. In one of the canals there is a cold and sulphur mineral spring of active medicinal properties. It is proverbially healthy. There has been but two deaths upon it for twenty years or more, one an old man from the infirmities of nature, the other an infant from whooping cough.

I invite an examination of the place, and take this occasion to say that I am prepared to offer inducements to a young and energetic individual, of rare occurrence.

Kittrell's Springs Female College.

GRANVILLE COUNTY, N. C.

THE NEXT SESSION of this Institution will open the second Wednesday in February, 1868. The location is unsurpassed for health and accessibility.

During the past session, in a family of nearly two hundred, there has scarcely been a case of sickness. The health of many invalid young ladies has been thoroughly restored by the celebrated mineral water found here and they have prosecuted their studies with entire success.

We are immediately on the Raleigh & Gaston Railroad, within less than a half mile of Kittrell's Depot, and in telegraphic communication with all parts of the country.

Every facility is afforded for the most thorough and extensive education.

The Faculty is composed of five male Professors and seven lady Teachers.

Everything is new. Our musical instruments, including Piano, Organ, Harp and Guitar, are of the finest quality.

Special attention paid to thoroughness in the English Course.

Terms moderate and accommodations.

The young ladies all worship in the College Chapel, and hence no extra clothing is required. Millinery is to be demand at Kittrell's. Parents tell us that their daughters cost them less here, in this respect, than even at home. Taking into consideration the items of dress and medical attendance, there is no cheaper school in the South. Besides, we are determined to accommodate our patrons as far as we can, as to time of payment, and to put female education, within the reach of the people, in the present depressed condition of the country. OUR DAUGHTERS MUST BE EDUCATED.

To citizens coming in to spend a week or more, he will make still greater reduction.

He is prepared to furnish board without rooms at very low rates.

Valuable Lands and Mills for Sale.

PURSUANT TO A DECREE OF THE COURT of Equity for Johnston County, at Fall Term, 1867, I shall, on Saturday, the 18th day of January next, on the premises, proceed to sell, at public sale, that valuable property, near Boon Hill, in said County, known as

THE KEOCO MILLS,

consisting of fifteen hundred and ninety-five acres of Land, lying near the North Carolina Railroad, and within one and a half miles of Boon Hill Depot.

The said lands are the first quality of Cotton lands. About 300 acres are cleared, and have been in cultivation. The rest is in primitive forest, and is well timbered, although a considerable quantity of Pine Timber has been cut off.

The improvements consist of an excellent Saw Mill, with a forty-two inch circular saw, run by a Jonvals Turbine Wheel, which, for beauty of work and quickness of cutting, is unsurpassed. There is also a tram road from the Mill to the Railroad, where there is a turnout. Also a Grist Mill, which will grind 50 bushels of corn per day. Also a Store and Office, a Blacksmith Shop, and four houses for operatives, and

A LARGE AND CONVENIENT DWELLING,

beautifully situated on a hill, containing eight rooms, to which are attached all necessary out-houses and Stables, with two Gardens, one of which contains one of the largest and finest sempernog Arbors in the State.

The water on the place is excellent, and it is one of the healthiest locations in the low country.

TERMS OF SALE:

One hundred and fifty dollars cash; four thousand two hundred and fifty dollars on the 4th Monday in March, 1868, and notes at six and twelve months from the day of sale, bearing interest. For the balance, bonds with approved security will be required, and the title retained until the purchase money is paid. Possession given on the first day of February, 1868.

DR. J. J. LAWRENCE—*Dear Sir*—Please send me immediately per Express to Tarboro, two dozen more bottles of your Rosadalis. I have carefully examed its Formula, and have used it in my practice in a number of cases. I am well pleased with it. I think it, beyond doubt, the best Alterative I ever used. I have tried it in several cases of Scrofula and Scrofulous Affections, &c., with much satisfaction to myself and patients. I have also used it in Secondary and Tertiary Syphilis, (not a terrible case of eight years' standing,) in which it acted with surprising and satisfactory effect—making a quick and thorough cure. I have, therefore, no hesitation in recommending it to Physicians and others, as the most reliable Alterative now known.

Respectfully yours, &c.,

A Wonderful Cure of Scrofulous White Swelling.

HOME CERTIFICATE.

I hereby certify, that last September I was attacked with White Swelling of the left knee—and also with an enlargement of the glands of the neck—[one tumor reached a large size.] The swelling of the knee was enormous, and was attended with the most excruciating pains. I was so reduced that I was confined to my room over three months. My leg was so completely drawn up that I could not bend it at all. I tried various remedies, and they failed to give me any relief. I was in this condition when I commenced taking Dr. Lawrence's Rosadalis. The swelling in the knee and neck began to subside before I took all of the first bottle. By the time I took the second bottle, the swelling of the neck entirely disappeared and that of the knee nearly so. After taking three bottles I found myself completely well—able to walk as well as ever, &c.

I suffered so much from them that I could not get out of the house half the time for seven months. Being induced to try Dr. Lawrence's Rosadalis, I was entirely cured by the use of one bottle of that truly valuable medicine.

MAYOR'S COURT.—Manuel Lane, colored, charged with stealing bacon from Upchurch & Dodd—property recovered and defendant bound for his appearance at the next County Court, to answer a charge of larceny.

MECHANIC'S MEETING.—We are requested to state that a meeting of the Mechanics of the city of Raleigh will be held this evening (Tuesday,) at the Mayor's Office, at 7½ o'clock. A full attendance is earnestly requested.

The object of the meeting we understand is to organize a "Mechanics Co-operative Association" in this City. We do not understand the precise nature and design of the Association, but we are fully committed to any enterprise that proposes to promote the welfare and prosperity of our Mechanics. We hope all will look into the matter and give it a hearty support and co operation, if there is good to the mechanics in it. Is it worth while to urge the Mechanics not to enter into this on a mere *flash*? So many Associations have been formed all over the South, and so soon abandoned, that many are discouraged. Put it on a foundation that will compel men to stick.

WAKE SUPERIOR COURT.—The special Superior Court, for Wake, is continued for the present week. Judge Barnes presides.

SKATING.—The boys are enjoying this sport on the ponds near the city. Skates have been somewhat in demand.

OUR MARKET.—As usual our Market is well supplied as Christmas approaches.

PETITION TO GEN. CANBY.—We learn that a petition is in circulation in this City, urging Gen. Canby to continue in office the present municipal Board. This is right, and is demanded by the intelligence, wealth and best people of all classes in the City. We learn that the nominations of the Radicals are very unsatisfactory to many of that party.

We do not hesitate to say, while we claim nothing on behalf of the superior virtue of our people, that Raleigh has been one of the most quiet and best governed cities in the South for the past year. Better let well enough alone. We do not claim that the present Board is faultless. Where could you find one? But it is bad policy to change, unless you are sure it will be for the better. Circulate the petition.

REMEMBER THE POOR.—"The poor ye have always with you," said our Lord on one occasion, "but me ye have not always." It is easy to forget him, unless you remember Him, when you see the "Lord's poor." They are always about you, and this cold, pinching weather ought to remind all who can, to do something for the poor.

We hope the generous and enterprising young men of the Young Men's Christian Association, have not forgotten to arrange with the Railroads to bring wood for the poor.

TWO MORE DAILIES.—Yesterday's mail brought us the Daily Charlotte *News* and Charlotte *Bulletin*. The *News* has been revived by Messrs. Hutson & Meetze, to be edited by Col. Ham. C. Jones, Jr., and the *Bulletin* takes the place of the *Guardian*, and is edited and published by J. E. Britton, Esq. We wish them every success. Both are Conservative.

SNOW.—We had a light fall of snow on Saturday night last, bringing with it a cold snap, which has been severely pinching.

WE LEARN that St. John's College, at Oxford, will be sold at public sale on Thursday Dec. 19th.

THE SOUTHERN HOME JOURNAL.—This is the title of a new literary weekly just issued in Baltimore, a candidate for Southern patronage. It is gotten up in the best style of the typographic art and embellished. It has a good list of contributors, among whom we recognize several of high literary merit, two from this State, Mrs. Downing and Mrs. Clarke. It is published weekly by John Y. Slater, & Co., at $3 per annum. The first number containing an interesting story from the pen of Maj. John Eaton Cooke, author of "Surry of Eagle's Nest."

STARTLING EXPENSE ACCOUNTS.—The Paymaster General transmitted to the House yesterday estimates for the First Military District, (General Schofield's)—$50,000—to complete the payment of the expense of registration and election, and for current expenses. This sum, added to the amount of delinquencies before given, makes $1,502,254 as the actual deficiency of which appropriation should be made.

For the Third District (General Pope's) $1,232,254 is asked—$50'005 for reconstruction purposes.—*National Intelligencer.*

POKING FUN AT THE RADS.—In the House of Representatives on Thursday Mr. Getz offered a resolution reciting that the cities of Boston and Pittsburg had recently elected Democratic Mayors, thus indicating a spirit of disloyalty which should be promptly suppressed, and directing the Committee on Reconstruction to inquire whether Massachusetts and Pennsylvania have republican forms of government, and do not need reconstruction.

Debate arising, the resolution went over under the rule.

The Charleston *Mercury* of the 11th, says that on Saturday Mr. H. A. Reeves, of North Carolina, lost his pocket-book containing between $1,500 and $1,600, while riding in the cars, on the South Carolina Railroad, between Columbia and Gadsden. On Sunday the finder restored it to the owner, who had telegraphed his friends and business connections all along the route from Augusta to Raleigh, informing them, of his loss.

CONGRESS

WASHINGTON, Dec. 16, P. M.

Senate.—A petition from Vermont was presented, asking that National Bank stock be exempted from local taxation.

A bill was introduced, continuing the officers of the Freedmen's Bureau.

The repeal of the cotton tax was resumed

Mr. Morrill advocated the contesting of Commissioner Wells' positions, and offered an amendment exempting from duty imported cotton after April, 1868. He ridiculed the idea of foreign competition, and proceeded to show from statistics that the smallest crops brought the highest prices.

Mr. Sherman argued for repeal, maintaining that the war proved that the United States had no monopoly in cotton. He read letters from army officers and other Northern men, showing that cotton cultivation had resulted in absolute loss. The continuance of the tax must destroy cotton culture.

Mr. Fessenden opposed immediate action.

Mr. Johnson's amendment applying the exemption to this years crop, was amended by making the exemption applicable only to the stock in the hands of producers, and that no claims for taxes already paid, shall be entertained by the Courts.

Mr. Johnson accepted the first amendment but rejected the second, on the ground that should the tax ultimately be proved unconstitutional, claimants should not be barred,

Mr. Congling gave notice of an amendment that the repeal should apply only to the crops of 1868, and there the matter was postponed

House.—Bills were introduced, to amend the existing school laws in the District; to pay bounties to non-commissioned officers mustered out as supernumeraries in consolidating regiments; and to abolish the bonded ware house system.

Mr. Logan introduced a joint resolution, appointing a Committee to locate the Capitol of the United States. This looks to removing the Capitol to a more central point.

Mr. Bingham, of Missouri, offered resolutions, with a lengthy preamble, which resolves

1st. That the House of Representatives will never consent to take one retrograding step from its advanced position in protecting all, and promoting the cause of equal rights.

2nd. That the success of the Reconstruction Acts, so far, gives no reason to doubt that, under their provisions the restoration of the rebel States will be successfully carried out and accomplished, and they will be established on a loyal basis, and that, in the judgment of the House, there is no necessity for the repeal of these laws.

The resolutions passed, under the operation of the previous question, by a strict party vote, yeas 111, nays 32.

Mr. Butler moved to suspend the rules to offer a resolution, that the indebtedness be paid as expressed in the bonds. That is to say, those calling for gold to be paid in gold, those containing no stipulation to be paid in lawful money. Refused, 55 to 83.

A communication from the President was read, that no Executive action had yet been taken in Albert Lusk's case, charged with killing of a negro in New Orleans

A communication from Gen. Grant, withdrawing a letter recommending an increase of 20 per cent to the employees of the War Department, was received.

The House went into Committee of the whole on the Deficiency bill, and after killing the extra compensation to the Government employees, passed the bill.

VIRGINIA CONVENTION ETC.

RICHMOND, Dec. 16, P. M.

Resolutions of enquiry were offered amending the bill of rights so as to secure freedom of speech and immunity of voters, for any vote cast in any election, of increasing the taxation on uncultivated lands susceptible of cultivation, to a higher rate, than that on cultivated lands

A resolution was referred that the right of suffrage shall be as universal as liberty. The preamble to this resolution looks to female suffrage

A resolution exempting all persons disfranchised by State laws, from payment of taxes and working on the public roads

A motion to adjourn from Dec. 23th. to Jan. 7th. lies over.

The State auditor on Saturday, sent to Barney Brother's England, fifty odd thousand dollars to pay the interest on the State debt held abroad, due January last.

The Canal is frozen to Lynchburg. Navigation is suspended.

The James River is frozen over. No Steamers are running.

THE ALABAMA CLAIMS.

NEW YORK, Dec. 16, P. M.

The *News*, discussing the *Alabama* claims, says that Seward's difficulty was gratuitously raised on Lord Stanley's accession to office. The *News* hopes the question will be settled before the Democrats, whom it characterizes as Englands bitterest enemies, comes into power at Washington

CONVENTION CARRIED IN SOUTH CAROLINA.

CHARLESTON, Dec. 16, P. M.

The official returns from all the Districts in the State, except seven, show beyond doubt that a sufficient vote has been cast to insure a Convention.

CABLE SUMMARY.

The Conference proposed by Napoleon will not be held, as the leading powers decline to participate.

The great powers have sent a note to the Sultan of Turkey, asking him to make the navigation of the Dardanelles free.

The pretended Persian funerals in the principal towns of England, were prevented to-day by the authorities. Much feeling was shown. Six thousand troops are kept under arms in London, and special precautions have been taken in Liverpool. An attempt to form a procession there failed.

It is thought that the Clarkesville outrage has ended Fenianism.

The British troops have penetrated far into Abyssinia. The prospects are fair for a successful campaign. Credited advices indicate that the prisoners in whose behalf the deputation was undertaken, are safe and well.

South American advices, *via* Lisbon, report that the Paraguayans are on the offensive, with marked success. They stormed the Brazilian camp, capturing 1,500. The Brazilians defended the camp stubbornly, losing 4,000 killed, wounded and prisoners.

SPECIAL NOTICES

Life Insurance continues to occupy the most serious consideration of the heads of families, who, by the casualties of war, short crops and short price of Cotton, have been deprived of the support they relied upon, in case of death for their dependents; and the question with them is, "Which is the OLDEST, SAFEST, LARGEST, MOST ECONOMICAL and RELIABLE COMPANY represented in North Carolina?" I unhesitatingly assure them that I have indisputable evidence that the CONNECTICUT MUTUAL LIFE INSURANCE Co. is, without doubt, prepared to prove, from the most trustworthy and authentic official reports, that she has a larger amount of assets than all other Companies in this State combined; that for eighteen years she has declared an average of fifty per cent dividend; for thirteen years her interest on investment has exceeded her losses; and her vast business is conducted at a much less expense.

All she makes is shared by the assured. No Stockholder receives the lion's share of the profits, and no Company pays its losses more promptly. Last year (1866) she paid to widows and orphans upwards of **a Million of Dollars**. Therefore, apply at once to

LIFE INSURANCE.

[From the Insurance Monitor and Wall Street Review, New York.]

A Well-deserved Success—The Equitable Life Insurance Company.

The approaching demolition of seven buildings, consisting of that almost immemorial landmark, "Old Guerrin's," the less ancient "Standinger's," and the present office-building of the American Express Company, on the southeast corner of Broadway and Cedar street, together with three adjoining buildings on the latter street, is attributable to that modern insurance giant, the Equitable Life. These seven buildings are all to be replaced by one, six stories in height, two in basement, and having a frontage of 86 feet 2 inches on Broadway, and one hundred and thirty-seven feet four inches on Cedar street. A number of the first architects in the country are engaged in perfecting plans for the structure, one to include in its style, accommodation, and convenience, superior to any other building of the kind yet erected.

The building will, however, not only be made to accommodate the Company, but we understand that the rental of such part as is not occupied by them will return an interest on the investment. The magnitude and surpassing growth of the Equitable Life not only justify the said investment, but reader it both expedient and necessary. Although this Company has been only eight years in business, its policies issued during the eighth year covered an insurance amounting to over thirty-five millions of dollars. The total sum assured by it up to the present date approaches 100,000,000; its accumulations have run up to 4,000,000; its annual income to three millions, and will in the coming year doubtless expand to five million dollars.

For this rapid increase and substantial success there are abundant and most satisfactory reasons. They are found in the numerous solid advantages the Company affords. In the fact that it is purely mutual, and that all its profits go to the insured on the first of February, every year, at which time a large dividend has been regularly paid, amounting last year to six hundred thousand dollars. Its mode of applying dividends so as to accommodate them to the circumstances of the policy holders, is unequalled for the variety of the advantages it offers.

The Equitable has been enabled to deal thus liberally with its insured in consequence of the prosperity of its business and the thriftiness of its management. The percentage of its "total out go," compared with its cash premium receipts, was less in 1866 than that of any older Company. Its policies averaged larger in amount than those of any rival institution. It insures on a single life any sum from $250 to $30,000, and issues all the most desirable non-forfeiting policies. All its policies are, however, comparatively new, and it is therefore carrying but few impaired lives. The percentage of losses, to amount at risk, which is much less than that of older Companies, establish this fact. The Equitable is indeed full of vitality and progressive strength, and is regarded as the most successful and—taking into consideration its age—the largest Life Insurance Company in the world.

NEW MOVEMENT IN LIFE INSURANCE.

LYRIC OF LIFE.

M. E. S.

In the morning of life, when Phœbus the sky
Imbues with the hue of the rose,
How little we dream of the cares that will try
Our souls ere the day has its close:
We pinch the wild flowers, we sip the fresh dew,
And think not of trouble or strife;
To childhood's bright eyes old nature is new
In the morning—the morning of life.

In the midday of life, when sorrows have come,
How oft we look back to the days
When hair was all sunshine, cheeks were all bloom,
And clouds o'er seemed fair to the gaze:
The contrast how sad betwixt them and now—
When mem'ry with past joys is rife—
With tears and regrets time's tides ebb and flow
In the midday—the midday of life.

In the evening of life, when night draweth near,
What sweet consolation appears—
We soon will rejoin those beings so dear,
Who left us in long bygone years:
To the future we turn while hope fills the heart,
And banish all trouble and strife;
For the new day beyond we soon will depart
In the evening—the evening of life.

AUGUSTA, Ga.

PLAYING WITH DEATH.

It was a frequent remark of the great Napoleon that his soldiers—"his children"—played and laughed with death. This was a noticeable trait of the Confederate soldier and was never better illustrated than when at the battle of Spotsylvania, with line upon line of the Northern infantry, supported by many guns, advancing rapidly upon their weak force and weaker works, the Mississippians of Humphrey's brigade fell to laughing heartily at the ridiculous figure cut by a Federal officer whose horse became restive and threw him sprawling in a ditch.

At the battle of Malvern Hill, the last of the bloody "seven days," our command was passed swiftly through the woods, gaining a position upon the enemy's flank, from which it was intended that we should be hurled to the destruction of McClellan's plan of retreat. Through the incompetency of our division commander the movement never took place; but that was no fault of the men. We had just reached our position and were ordered to lie down and keep quiet, when several thirsty souls gathered upon the edge of a green and slimy pool to get a taste of water. Merry, reckless Tom R—— was in the act of lifting his cup to his mouth when a shell from a Yankee battery burst in the midst of the party, mortally wounding one, severely injuring two or three more. On looking for Tom, there he stood upon a log, wiping with his sleeve the mud from his face and eyes. Some one asked where his cup was. "Lost, Lost!" he muttered, in a stage whisper, and striking an attitude, "forever lost." Then added lugubriously, "there's many a slip 'twixt the cup and the lip; but Lordy! s'pose I'd had the cup at my lips when that rascally shell exploded, where'd my head be now?"

If anybody heard that without laughing under his breath, I didn't see him.—*Southern Opinion.*

WHAT DID HE WANT?—"Madam," said a barefooted tar-heel, stumbling up to the door of a farm-house near Winchester, where a lady was standing looking at the troops marching past—"Madam, can't you tell a poor soldier whar he kin git a par ov old shoes? fur I'm so hongry fur a little drap o' brandy I ain't got no blankit an' dunno whar I'm a gwine ter sleep to-night out in the woods somewhar."

She gave him some food and a bed—the other matters she did not have; but told me, two years afterwards, that she had never been able to decide *what the man asked for.*

"Say, Tar-heel, gi'me a chaw tobacker!" said one of our fellows to a new recruit from the old North State, on the Richmond and Petersburg turnpike.

"Hain't got no terbacker, mister; but I got some powerful good raw-sum; do you ever chaw any o' that?"

Rackensack respectfully declined.

COULDN'T SEE THE POINT.

Bill A——, like many a smarter man, labored under the delusion that he possessed a splendid voice, and "oft in the stilly night," but more frequently in broad day, he startled the echoes of the surrounding woods and hills with what he called the "delicious notes" of his favorite "Annie Laurie;" or, in his words, "Annie Lowry."

One day Bill was down on the river bank, among the laurel, polishing his gun, working away in utter oblivion of all the world, encouraging himself with an occasional "snatch of song," when he was suddenly hailed from the other side of the stream with:

"Hallo, over there!"

"Hallo, yourself!" answered Bill, peering through the thicket, when he saw the brigade quartermaster, who continued:

"Seen any of my mules about here?"

"No," replied Bill, testily; "I don't keep your cussed mules."

"I suppose not," retorted the quarter master dryly; "only I heard a d—l of a braying over there, and thought it might be them; but I find it is *only a stray jackass!*"

The officer rode off, and Bill, scratching his head for awhile, observed:

"Well, I 'spect Captain R—— said somethin' sharp then—if a feller could only see the p'int!"

Bill—honest booby—got a transfer to an artillery company, because he couldn't get a furlough—he was "bound to have *something*"—and, being sent to a caisson one day for some article, opened a chest and popped his head in, *pipe and all*; the consequence was, he has never been heard of since.

A deputy sheriff in Keene, some years ago, had a habit when anything occurred to him which he had forgotten to state, of quickly raising his right hand with fore finger extended, and prefacing his remarks with the exclamation. "By the way!" It being once his duty as crier to give notice of the opening of the court, he began, "O, yes, all persons having anything to do before the Court of common pleas will draw nigh and hearken to the evidence." Here he sat down; but remembering that he had forgotten the finishing touches, instantly rose and exclaimed, "By the way, God save the State."

A lady found occasion to call upon a dentist and have her teeth filled. Among those filled were two front ones, and when in a pleasant mood the lady's face shone with smiles, whose polished gold glittered from the upper incisors. These were observed with admiration by her little niece, who, by the by, seriously remarked; "Aunt Mary, I wish I had copper-toed teeth like yours."

Sometimes, to amuse myself, I give a beggar a guinea. He thinks it a mistake, and for fear I should find it out, off he runs as hard as he can. I advise you to give a beggar a guinea sometimes; it is very amusing. —*Baron Rothschild.*

Words, innocent and powerless as they are as standing in a dictionary, how potent for good and evil they become in the hands of one who knows how to combine them.
